**The Boarding School Market has changed forever. School Management, Parents and the Government are wanting greater transparency in relation to students health and safety, and where their money is being spent. Schools need to improve their systems...**

*"We have used LeaveRegister for two years and could never go back to a manual system. If you consider health and safety requirements of students vital, LeaveRegister will provide you with a system that covers every contingency." Richard Taylor (Adams House Manager - Christchurch Boys' High School)*

*"I love the fact that I can have up to the minute accurate numbers for meals at the click of the mouse which saves on over production of food. The accuracy now achieved has meant an overall increase in the quality of food served by eliminating costly wastage" Russell Gray (Catering Manager - St Andrews College)*

51 Chartwell Street, Burwood  
Christchurch, New Zealand
